

Invest in Connecticut's Youth by Strengthening the System That Supports Them

For more than 40 years, the Connecticut Youth Services Association (CYSA) has strengthened and supported a statewide network of Youth Service Bureaus (YSBs) that provide trusted, community-based support to young people and families. CYSA supports and advocates for YSBs, helping them connect youth with the guidance and resources they need across schools, families, courts, and behavioral health systems. Your donation helps sustain YSBs in every corner of Connecticut, ensuring all young people have access to the support they need to thrive.

Support the network that serves Youth and Families in all neighborhoods across Connecticut.

The Reach of CYSA's Network of Youth Service Bureaus

- Over **300,000** youth and families supported by YSBs annually
- **100+ YSBs** serving **137 communities** statewide
- **90+ Youth Diversion Teams** supporting community-based diversion programs through restorative practices
- Hundreds of youth development professionals supported annually through training and technical assistance
- Over **4,300 programs** provided to youth and families statewide
- Representation across urban, suburban, and rural communities, ensuring equitable access to services

Creating Measurable Impact

CYSA strengthens outcomes by:

- Delivering statewide professional development that builds a skilled, trauma-informed workforce
- Providing technical assistance and governance support to strengthen local agency sustainability
- Leading state-level advocacy to protect and expand funding

Why Become a CYSA Member?

- Align your brand with youth well-being, prevention, and leadership
- Gain access to a statewide network of over 100 community-based agencies/organizations
